PUBLIC NOTICE OF APPEAL

TO: All Interested Parties
FROM: S.C. Department of Health and Environmental Control
SUBJ: Horry County
2005-2W-180-P
DATE: August 11, 2006

The Department has issued a permit to Horry County for sand movement and swash channel relocation work conducted in June 2005 and also granting approval for periodic channel maintenance work in the future on and adjacent to the Atlantic Ocean at Singleton Swash, Myrtle Beach, Horry County, South Carolina.

Sands Beach Club HOA has requested a contested case hearing before the Administrative Law Court.

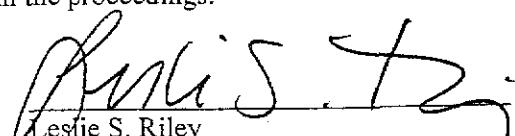

Intervenors: A motion for leave to intervene, with the \$25 filing fee, shall be filed with the South Carolina Administrative Law Court, Edgar A. Brown Building, 1205 Pendleton Street, Suite 224, Columbia, South Carolina 29201, (telephone 734-0550) and served on all parties and shall state the grounds for the proposed intervention, the position and interest of the proposed intervenor, and the possible impact of the intervention on the proceedings. A proposed answer or position in intervention shall be attached to the motion.

Any person may intervene in any pending contested case hearing upon a showing that:

- (1) the movant will be aggrieved or adversely affected by the final order;
- (2) the interests of the movant are not being adequately represented by existing parties, or that it is otherwise entitled to intervene;
- (3) that intervention will not unduly prolong the proceedings or otherwise prejudice the rights of existing parties.

The motion for leave to intervene shall be filed as early in the proceedings as possible to avoid adverse impact on the existing parties or the disposition of the proceedings. Unless otherwise ordered by the administrative law judge, the motion to intervene shall be filed at least twenty (20) days before the hearing. Any later motion shall contain a statement of good cause for the failure to intervene earlier.

A person granted leave to intervene is a party to the proceeding. The intervenor shall be bound by any agreement, arrangement or other matter previously determined in the case. The order granting intervention may restrict the issues to be raised or otherwise condition the intervenor's participation in the proceeding. If appropriate, the administrative law judge may order consolidation of petitions and briefs and limit the number of representatives allowed to participate in the proceedings.

SPECIAL NOTES

***DMPs** Dock Master Plans - OCRM is reviewing the listed DMPs for planning purposes only. Permitting decisions will occur when future dock applications are processed by OCRM for individual property owners. This document is used as a planning tool it is not subject to the appeal. OCRM welcomes comments from the public on these planning documents.

****WMPs** Wetland Master Plans – OCRM is reviewing the listed WMPs for planning purposes only. Permitting decisions will occur when future applications are processed by OCRM, which include impacts to freshwater wetlands. This document is used as a planning tool; it is not subject to appeal. OCRM welcomes comments from the public on these planning documents.

*****SWMPs** Stormwater Master Plans – OCRM is reviewing the listed SWMPs for planning purposes only. Permitting decisions will occur when future applications are processed by OCRM. OCRM welcomes comments from the public on these planning documents.

******PERs** Preliminary Engineering Reports – OCRM is reviewing the lists PERs for the purpose of commenting to other sections of DHEC concerning this document. OCRM will not be issuing a coastal zone consistency certification at this time but providing comments. If this proposal moves forward to the permitting process, OCRM would at that time do a full coastal zone consistency review.

Amendment OCRM-06-105-R

C. Earl Hunter, Commissioner

Promoting and protecting the health of the public and the environment.

PUBLIC NOTICE AMENDMENT REQUEST

The permittee for P/N# **OCRM-99-917**, Tom Davis, has requested an amendment to that issued permit. The permittee is requesting reducing the permitted walkway to 4'x18', delete the permitted pierhead, enlarge the permitted float to 12'x30' with a 5'x6' ramp rest and add two mooring pile 20' channelward of the float. Also, the 12'x12' four-pile boatlift will be to the right of the floating dock. The proposed amendment is for private dock, on and adjacent to Broomfield Cr. at #2 Mark Island, Shammy Creek Subdivision, Beaufort, Beaufort County, South Carolina.

Written comments will be received on this amendment request until August 21, 2006 at the address listed below. For further information please contact the project manager, Georgie J Madlinger, 843-846-9400.

**SCDHEC OFFICE OF OCEAN AND COASTAL RESOURCE MANAGEMENT
PERMIT APPLICATION PUBLIC NOTICE**

August 11, 2006

Permit Number: OCRM-06-002-M
Permit ID: 53929

The SCDHEC Office of Ocean and Coastal Resource Management has received an application for a permit for the alteration of a critical area. This application was submitted pursuant to the Coastal Zone Management Act (Act 123) of the 1977 South Carolina General Assembly. The application, in brief, is described as follows:

APPLICANT: Johnny E. Nettles
P.O. Box 441
Walterboro, SC 29488

LOCATION: On and adjacent to Big Bay Creek at 3519 Myrtle Street, Edisto Beach, Colleton County, South Carolina.
TMS#: 354-03-00-256.

WORK: The work as proposed and shown on the attached plans consists of constructing a dock and an erosion control device. Specifically, the dock will consist of a 4' by 9' walkway extending from an 8' wide platform leading to a 10' by 20' fixed pierhead. The proposed erosion control device will consist of a 5' high by 56' long timber bulkhead with filter cloth, associated backfill and wing walls along an eroding shoreline. The purposes of the activities are for the applicant's private recreational use and for erosion control.

This public notice is being distributed to all known interested persons and agencies to assist in developing facts on which a decision by OCRM can be based. Comments concerning the proposed work should be submitted in writing, setting forth sufficient detail to furnish a clear understanding of the reasons for support or opposition.

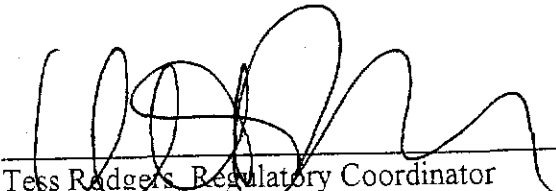

The decision to issue or deny a permit will be based on the individual merits of the application, the policies specified in the South Carolina Coastal Zone Management Act, and the considerations outlined in the State of South Carolina Coastal Zone Management Program. Interested parties who wish to be notified of final permit action must notify OCRM in writing of this request.

To assure review by OCRM, comments regarding this application must be received by OCRM on or before August 26, 2006. For further information please contact the project manager for this activity, Fred Mallett at 843-747-4323 ext. 119.

SCDHEC OFFICE OF OCEAN AND COASTAL RESOURCE MANAGEMENT
PERMIT APPLICATION PUBLIC NOTICE

August 11, 2006

Permit Number: OCRM-06-156-L
Permit ID: 54874

The SCDHEC Office of Ocean and Coastal Resource Management has received an application for a permit for the alteration of a critical area. This application was submitted pursuant to the Coastal Zone Management Act (Act 123) of the 1977 South Carolina General Assembly. The application, in brief, is described as follows:

APPLICANT: SCE&G
Attn: Brandon Stutts
6248 Bush River Rd., MC PO5
Columbia SC 29212

LOCATION: On and adjacent to Rantowles Creek & Wallace River at Bees Ferry Road & Hwy 17 S,
Charleston, Charleston County, South Carolina.
TMS#: 244-00-00-102, 244-00-00-101 and 287-00-00-180

WORK: The work as proposed and shown on the attached plans consists of installing new transmission lines in the existing right-of-way. The project area contains approximately 5.3 acres of critical area along Highway 17 in the Rantowles Creek and Wallace River area. The project will not require any placement of fill in jurisdictional wetland areas, as these areas will be spanned. The purpose of the proposed activity is for improvements to an existing power line system.

This public notice is being distributed to all known interested persons and agencies to assist in developing facts on which a decision by OCRM can be based. Comments concerning the proposed work should be submitted in writing, setting forth sufficient detail to furnish a clear understanding of the reasons for support or opposition.

The decision to issue or deny a permit will be based on the individual merits of the application, the policies specified in the South Carolina Coastal Zone Management Act, and the considerations outlined in the State of South Carolina Coastal Zone Management Program. Interested parties who wish to be notified of final permit action must notify OCRM in writing of this request.

To assure review by OCRM, comments regarding this application must be received by OCRM on or before September 10, 2006. For further information please contact the project manager for this activity, Melissa Rada at 843-747-4323 ext. 134.

PERMIT APPLICATION PUBLIC NOTICE**

August 11, 2006

Permit Number: OCRM-06-180-M
Permit ID: 55025

The SCDHEC Office of Ocean and Coastal Resource Management has received an application for a permit for the alteration of a critical area. This application was submitted pursuant to the Coastal Zone Management Act (Act 123) of the 1977 South Carolina General Assembly. The application, in brief, is described as follows:

APPLICANT: Rhett Jacobs
125 Spears Creek Road
Elgin, SC 29045-9391

LOCATION: On and adjacent to Fishing Creek at 8887 Palmetto Road, Edisto Island, Colleton County, South Carolina.
TMS#: 360-00-00-126.

WORK: The work as proposed and shown on the attached plans consists of making modifications to an existing dock. Specifically, the applicant proposes to replace an existing single-pile boatlift channelward of the fixed pierhead with a 12' by 12', four-pile boatlift that will be installed on the downstream side of the fixed pierhead. The purpose of the activity is for the applicant's private recreational use.

This public notice is being distributed to all known interested persons and agencies to assist in developing facts on which a decision by OCRM can be based. Comments concerning the proposed work should be submitted in writing, setting forth sufficient detail to furnish a clear understanding of the reasons for support or opposition.

The decision to issue or deny a permit will be based on the individual merits of the application, the policies specified in the South Carolina Coastal Zone Management Act, and the considerations outlined in the State of South Carolina Coastal Zone Management Program. Interested parties who wish to be notified of final permit action must notify OCRM in writing of this request.

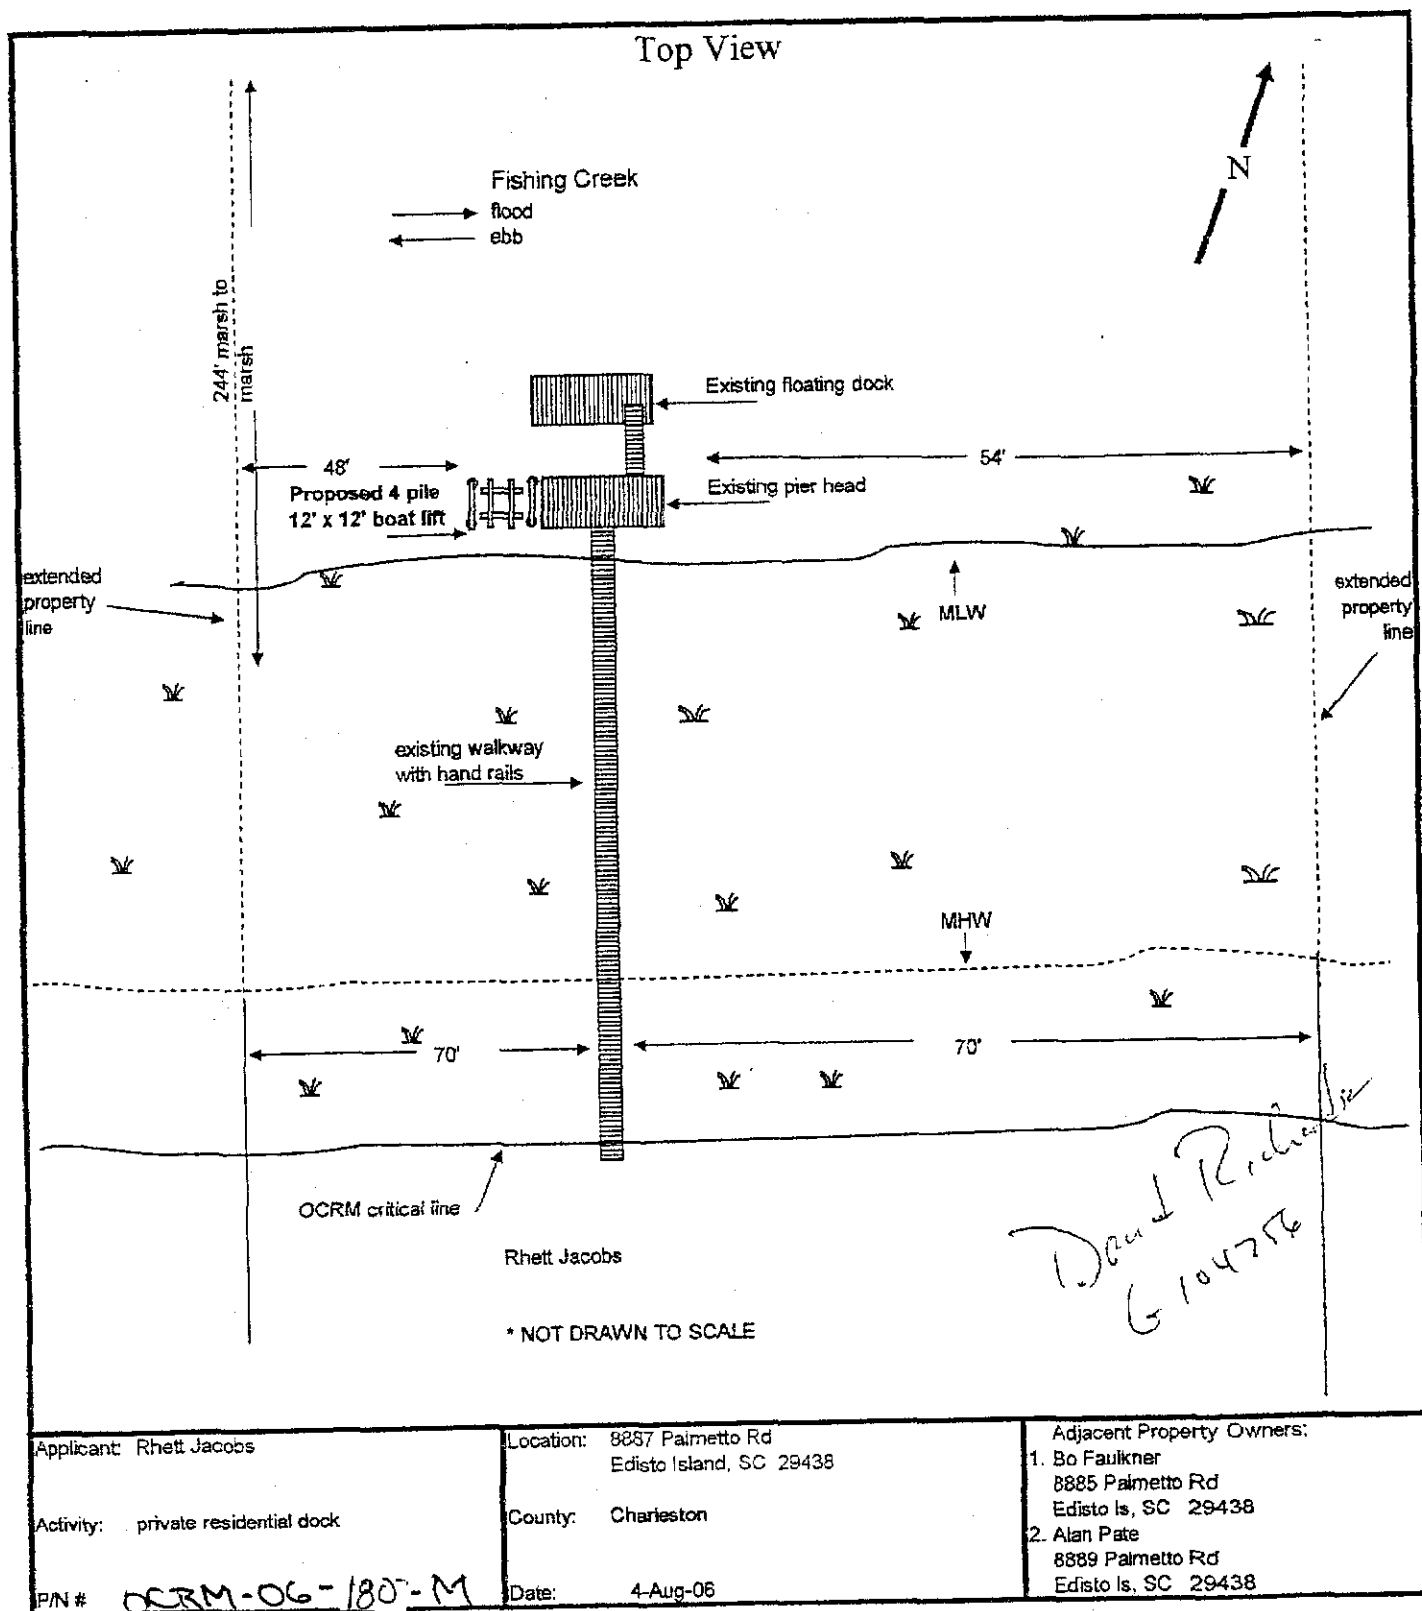

To assure review by OCRM, comments regarding this application must be received by OCRM on or before August 26, 2006. For further information please contact the project manager for this activity, Fred Mallett at 843-747-4323 ext. 119.

**SCDHEC OFFICE OF OCEAN AND COASTAL RESOURCE MANAGEMENT
PERMIT APPLICATION PUBLIC NOTICE**

August 26, 2006

Permit Number: OCRM-06-249-M
Permit ID: 55306

The SCDHEC Office of Ocean and Coastal Resource Management has received an application for a permit for the alteration of a critical area. This application was submitted pursuant to the Coastal Zone Management Act (Act 123) of the 1977 South Carolina General Assembly. The application, in brief, is described as follows:

APPLICANT: Robert Lund
C/O Waters Deep, Inc.
P.O. Box 12880
Charleston, SC 29412

LOCATION: On and adjacent to Wadmalaw Sound at Lot 5, 4665 Westervlet Road, Meggett, Charleston County, South Carolina.
TMS#: 193-00-00-013 - 193-00-00-065.

WORK: The work as proposed and shown on the attached plans consists of constructing a dock. Specifically, the structure will consist of a 4' by 365' walkway leading to a 16' by 16' covered fixed pierhead, both with handrails. On the downstream side of the pierhead, a ramp will lead to an 8' by 55' floating dock. The applicant also proposes to install a 12.5' by 12.5' four-pile boatlift on the upstream side of the fixed pierhead. The purpose of the activity is for the applicant's private recreational use.

This public notice is being distributed to all known interested persons and agencies to assist in developing facts on which a decision by OCRM can be based. Comments concerning the proposed work should be submitted in writing, setting forth sufficient detail to furnish a clear understanding of the reasons for support or opposition.

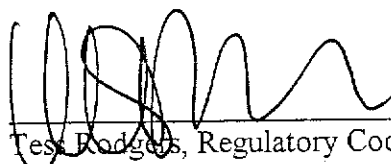

The decision to issue or deny a permit will be based on the individual merits of the application, the policies specified in the South Carolina Coastal Zone Management Act, and the considerations outlined in the State of South Carolina Coastal Zone Management Program. Interested parties who wish to be notified of final permit action must notify OCRM in writing of this request.

To assure review by OCRM, comments regarding this application must be received by OCRM on or before August 26, 2006. For further information please contact the project manager for this activity, Fred Mallett at 843-747-4323 ext. 119.

SCDHEC OFFICE OF OCEAN AND COASTAL RESOURCE MANAGEMENT
PERMIT APPLICATION PUBLIC NOTICE

August 11, 2006

Permit Number: OCRM-06-251-M
Permit ID: 55301

The SCDHEC Office of Ocean and Coastal Resource Management has received an application for a permit for the alteration of a critical area. This application was submitted pursuant to the Coastal Zone Management Act (Act 123) of the 1977 South Carolina General Assembly. The application, in brief, is described as follows:

APPLICANT: Jo S. & Hovey E. Aiken
C/O Mr. George E. Simmons
705 Kawana Road
Columbia, SC 29205

LOCATION: On and adjacent to Store Creek at 8205 Simmons Pond Road, Edisto Island, Charleston County, South Carolina.
TMS#: 027-00-00-004.

WORK: The work as proposed and shown on the attached plans consists of constructing a dock. Specifically, the structure will have a 5' by 436' walkway with handrails leading to a 12' by 24' covered fixed pierhead. On each side of the pierhead, a ramp will lead to an 8' by 19' floating dock. The applicant also proposes to install a 12' by 12' four-pile boatlift landward of the proposed upstream floating dock. The purpose of the activity is for the applicant's private recreational use.

This public notice is being distributed to all known interested persons and agencies to assist in developing facts on which a decision by OCRM can be based. Comments concerning the proposed work should be submitted in writing, setting forth sufficient detail to furnish a clear understanding of the reasons for support or opposition.

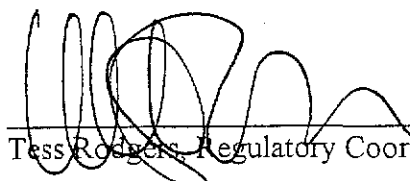

The decision to issue or deny a permit will be based on the individual merits of the application, the policies specified in the South Carolina Coastal Zone Management Act, and the considerations outlined in the State of South Carolina Coastal Zone Management Program. WORK: The work as proposed and shown on the attached plans consists of adding a boatlift to an existing dock. Specifically, the applicant proposes to install a 12.5' x 12.5', four-pile boatlift on the upstream side of the floating dock. The existing dock consists of a 12' x 20' deck/pierhead, a 10' x 20.5' pierhead and two 10' x 20' floating docks. The work as described is for the applicant's private, recreational use.

This public notice is being distributed to all known interested persons and agencies to assist in developing facts on which a decision by OCRM can be based. Comments concerning the proposed work should be submitted in writing, setting forth sufficient detail to furnish a clear understanding of the reasons for support or opposition.

The decision to issue or deny a permit will be based on the individual merits of the application, the policies specified in the South Carolina Coastal Zone Management Act, and the considerations outlined in the State of South Carolina Coastal Zone Management Program. Interested parties who wish to be notified of final permit action must notify OCRM in writing of this request.

To assure review by OCRM, comments regarding this application must be received by OCRM on or before August 26, 2006. For further information please contact the project manager for this activity at 843-238-4528.

PERMIT APPLICATION PUBLIC NOTICE**

August 11, 2006

Permit Number: OCRM-06-546
Permit ID: 55364

The SCDHEC Office of Ocean and Coastal Resource Management has received an application for a permit for the alteration of a critical area. This application was submitted pursuant to the Coastal Zone Management Act (Act 123) of the 1977 South Carolina General Assembly. The application, in brief, is described as follows:

APPLICANT: W. David Sweat
C/O Robinson Resource Management LLC
1105 Palm Blvd
Isle of Palms, SC 29451

LOCATION: On and adjacent to Pawleys Creek at 694 Springs Ave, Pawleys Island, Georgetown County, South Carolina.
TMS#: 42-175-39.

WORK: The work as proposed and shown on the attached plans consists of constructing a dock. Specifically, the applicant seeks to build a 4' x 43' walkway, with handrails, leading to a 12' x 12' covered fixed pierhead, also with handrails. Ebbside of the pierhead, a ramp will access a 6' x 13' floating dock. The work as described is for the applicant's private, recreational use.

This public notice is being distributed to all known interested persons and agencies to assist in developing facts on which a decision by OCRM can be based. Comments concerning the proposed work should be submitted in writing, setting forth sufficient detail to furnish a clear understanding of the reasons for support or opposition.

The decision to issue or deny a permit will be based on the individual merits of the application, the policies specified in the South Carolina Coastal Zone Management Act, and the considerations outlined in the State of South Carolina Coastal Zone Management Program. The District Engineer has concluded that the discharges associated with this project, both direct and indirect, should be reviewed by the South Carolina Department of Health and Environmental Control in accordance with provisions of Section 401 of the Clean Water Act. As such, this notice constitutes a request, on behalf of the applicant, for certification that this project will comply with applicable effluent limitations and water quality standards. The work shown on this application must also be certified as consistent with applicable provisions the Coastal Zone Management Program (15 CFR 930). The District Engineer will not process this application to a conclusion until such certifications are received. The applicant is hereby advised that supplemental information may be required by the State to facilitate the review.

This notice initiates the Essential Fish Habitat (EFH) consultation requirements of the Magnuson-Stevens Fishery Conservation and Management Act. Implementation of the proposed project would impact estuarine substrates and emergent wetlands utilized by various life stages of species comprising the red drum, shrimp, and snapper-grouper management complexes. Our initial determination is that the proposed action would not have a substantial individual or cumulative adverse impact on EFH or fisheries managed by the South Atlantic Fishery Management Council and the National Marine Fisheries Service (NMFS). Our final determination relative to project impacts and the need for mitigation measures is subject to review by and coordination with the NMFS.

The District Engineer has consulted the most recently available information and has determined that the project will have no effect on any Federally endangered, threatened, or proposed species and will not result in the destruction or adverse modification of designated or proposed critical habitat. This public notice serves as a request to the U.S. Fish and Wildlife Service and the National Marine Fisheries Service for any additional information they may have on whether any listed or proposed endangered or threatened species or designated or proposed critical habitat may be present in the area which would be affected by the activity, pursuant to Section 7(c) of the Endangered Species Act of 1973 (as amended).

Pursuant to Section 106 of the National Historic Preservation Act (NHPA), this public notice also constitutes a request to Indian Tribes to notify the District Engineer of any historic properties of religious and cultural significance to them that may be affected by the proposed undertaking.

REGULATORY DIVISION

Refer to: P/N #SAC-2006-1497-1IW-P

21 JULY 2006

In accordance with the NHPA, the District Engineer has also consulted the latest published version of the National Register of Historic Places for the presence or absence of registered properties, or properties listed as being eligible for inclusion therein, and this worksite is not included as a registered property or property listed as being eligible for inclusion in the Register. To insure that other cultural resources that the District Engineer is not aware of are not overlooked, this public notice also serves as a request to the State Historic Preservation Office to provide any information it may have with regard to historic and cultural resources.

Any person may request, in writing, within the comment period specified in this notice, that a public hearing be held to consider this application. Requests for a public hearing shall state, with particularity, the reasons for holding a public hearing.

The decision whether to issue a permit will be based on an evaluation of the probable impact including cumulative impacts of the activity on the public interest and will include application of the guidelines promulgated by the Administrator, Environmental Protection Agency (EPA), under authority of Section 404(b) of the Clean Water Act and, as appropriate, the criteria established under authority of Section 102 of the Marine Protection, Research and Sanctuaries Act of 1972, as amended. That decision will reflect the national concern for both protection and utilization of important resources. The benefit which reasonably may be expected to accrue from the project must be balanced against its reasonably foreseeable detriments. All factors which may be relevant to the project will be considered including the cumulative effects thereof; among those are conservation, economics, aesthetics, general environmental concerns, wetlands, historic properties, fish and wildlife values, flood hazards, flood plain values, land use, navigation, shoreline erosion and accretion, recreation, water supply and conservation, water quality, energy needs, safety, food and fiber production and, in general, the needs and welfare of the people. A permit will be granted unless the District Engineer determines that it would be contrary to the public interest. In cases of conflicting property rights, the Corps of Engineers cannot undertake to adjudicate rival claims.

The Corps of Engineers is soliciting comments from the public; Federal, state, and local agencies and officials; Indian Tribes; and other interested parties in order to consider and evaluate the impacts of this activity. Any comments received will be considered by the Corps of Engineers to determine whether to issue, modify, condition or deny a permit for this project. To make this decision, comments are used to assess impacts on endangered species, historic properties, water quality, general environmental effects, and the other public interest factors listed above. Comments are used in the preparation of an Environmental Assessment and/or an Environmental Impact Statement pursuant to the National Environmental Policy Act. Comments are also used to determine the need for a public hearing and to determine the overall public interest of the activity.

If there are any questions concerning this public notice, please contact Debbie King at 843-329-8044 or toll free at 1-866-329-8187.
